## The 30th International Conference on Head-Driven Phrase Structure Grammar (HPSG 2023)

Times are all EDT (Eastern Daylight Time EDT).

### Friday, July 7th 2023

13:45-14:00 Welcome

14:00-15:00 **Invited talk: Emily Bender** (University of Washington), *Lessons from incremental development: 20 years of the Grammar Matrix*

15:00-15:20 Coffee break

15:20-16:00 **Yanru Lu, Chenyuan Deng & Jian Ma** (Humboldt-Universität zu Berlin), *How things become red in Mandarin Chinese? A case study of deadjectival CoS predicates*

16:00-16:40 **Frank Van Eynde** (University of Leuven), *On the Dutch 'aan het'-infinitive*

### Saturday, July 8th 2023

09:00-09:40 **Sukhada Sukhada** (Indian Institute of Technology, Varanasi), **Veera Hymavathi** Sirisipalli (Indian Institute of Technology, Varanasi) & **Soma Paul** (Indian Institute of Technology, Hyderabad), *Generation of MRS Abstract Predicates from Paninian USR*

09:40-09:50 **Jacob Maché** (Centro de Linguística da Universidade de Lisboa), *Intonation contours as morphemes: the case of calls and addresses*

09:50-10:00 **Youn-Gyu Park & Jong-Bok Kim** (Kyung Hee University), *Coordinated wh-questions in English: An HPSG Approach*

10:00-10:10 **Mona Sinha Mahapatra** (The English and Foreign Languages University, Hyderabad), *A Lexical Rendition of Bangla N-V Conjunct Verbs: An Analysis in HPSG*

10:10-10:30 Coffee break

10:30-11:10 **Paola Fritz-Huechante, Jieun Oh & Stefan Müller** (Humboldt-Universität zu Berlin), *Korean causative change of state verbs: Non-culminating readings in HPSG*

11:10-11:50 **Manfred Sailer & Nicolas Lamoure** (Goethe-University Frankfurt a.M.), *Superlative 'ever' in Dutch, French, German, and Spanish*

11:50-12:30 **Robert Borsley** (University of Essex/Bangor University), *Welsh clausal 'i' and the hierarchical lexicon*

12:30-14:00 Lunch break

14:00-14:40 **Berthold Crysmann** (LLF & Université de Paris), *Rule composition and rule interaction in Information-based Morphology*

14:40-15:20 **Joanna Nykiel** (Stockholm University) & **Jong-Bok Kim** (Kyung Hee University), *Clausal fragments introduced by 'that'*

15:20-16:00 **Ali Salehi & Jean-Pierre Koenig** (University at Buffalo), *Argument realization and argument referencing in Sorani Kurdish*

University of  
Massachusetts  
Amherst

16:00-16:20 Coffee break

16:20-17:20 **Invited talk: Jean-Pierre Koenig** (University at Buffalo), *Morphological argument referencing and valence alternations without valence*

17:20-17:40 **Business meeting**

17:40-18:20 **Shuichi Yatabe** (University of Tokyo), *Further evidence for an HPSG-based theory of the semantics of 'different' and 'the same'*

**Sunday, July 9th 2023: colocated workshop on ellipsis**

## **Experimental and Corpus-Based Approaches to Ellipsis ECBAE 2023**

08:45-9:00 Welcome

09:00-10:00 **Invited talk: Dan Parker** (Ohio State University), *Processing ellipsis: New insights and new challenges*

10:00-10:30 **Robin Lemke** (Saarland University), *Effects of semantic dependencies and case on preposition omission in German fragments*

10:30-10:50 Coffee break

10:50-11:20 **Francisco Gallardo-del-Puerto & Evelyn Gandón-Chapela** (University of Cantabria), *Does gender (mis)match affect native and non-native speakers' interpretation of English reflexive pronouns in VP-ellipsis?*

11:20-11:50 **Golsa Khodadadi** (Purdue University), *Investigating the Effects of Voice Match and Mismatch in Recovering VP Ellipsis and Their Non-Elliptical Counterparts in a Nonnative Setting*

11:50-12:20 **Gabriela Bîlbîie** (University of Bucharest & LLF), *Gender mismatch on adjectival predicates: an experimental perspective on stripping-like constructions in Romanian*

12:20-14:00 Lunch break

14:00-14:30 **Emma Kious, Anne Abeillé & Yanis Da Cunha** (Université de Paris & LLF), *Gender mismatch in ellipsis: French stripping*

14:30-15:00 **Amal Hassen, Jonathan Ginzburg & Anne Abeillé** (Université de Paris & LLF), *French exclamative sluices: a corpus study*

15:00-15:30 **Hee-Yeon Kim & Jong-Bok Kim** (Kyung-Hee University), *Coordinated multiple wh-sluicing in English: A corpus-based investigation*

15:30-15:50 Coffee break

15:50-16:20 **Bozhidara Hristova, Robin Lemke, Lisa Schäfer, Heiner Drenhaus & Ingo Reich** (Saarland University), *Does information theory explain the usage of gapping?*

16:20-16:50 **Lisa Schäfer, Robin Lemke, Bozhidara Hristova, Heiner Drenhaus & Ingo Reich** (Saarland University), *Testing for effects of modality and memory load on coordination ellipsis in German*

University of  
Massachusetts  
Amherst

16:50-17:20 **Denis Memmesheimer & Karin Harbusch** (University of Koblenz-Landau),  
*Exploring the Feasibility of Accurate Reconstruction of Clausal Coordinate Ellipsis in  
German*

17:20-17:30 Concluding remarks
