- Item nonresponse
- Weighting and imputation
- Question testing and piloting
- Survey mode
- Data linkage
- Election polling and public opinion
- Survey analysis techniques
- Methods for cross-national analysis
- Paradata and fieldwork
- Substantive applications
- Longitudinal surveys
- Data archiving

The inaugural ESRA award for the best paper submitted by an early-career researcher

Researchers within five years of the completion of their doctorate or within five years of starting a career in survey research who wish to be considered for the ESRA Early-Career Researcher award should submit full papers to the prize committee. The winning paper will be awarded a prize of 600 euros. More information about the Early-Career Researcher award will be announced on the conference website.
